All cemetery markers must be placed in compliance with the specifications of the Fillmore City Cemetery Ordinance and under the direction of the City Sexton. ***Before a monument is placed, the Fillmore City Office must be notified and the fee paid. A permit is required with the Sexton's approval before any marker is set. Any marker placed without a permit or that violates city ordinance will be removed at the cost of the installer****. All headstones or flat markers shall be of metal, stone, or cement. All raised headstones shall be set in a cement foundation of at least six inches deep with a cement mow strip not less than six inches around the stone. Raised headstones shall not exceed thirty-six inches in height. Flat markers shall be set in a cement foundation of at least four inches deep with a six-inch mow strip around the marker. Only one headstone or marker and no other monument or marker will be permitted on the grave and shall be set at the head of the grave. The headstone or marker may be a single stone designating a single grave, a double designating two burial sites, or a combined marker designating no more than four burial sites. The length of the headstone or marker, to include the cement surrounding the monument, shall not exceed 3'8" for a single or 6' for a double. Placement of permanent grave markers is required to take place within six months of interment. A twenty-four hour notice is required prior to setting a monument. Monuments may not be set on Sundays, legal holidays or 2 days before and after Memorial Day.*

I have read the above paragraph and will abide by these requirements.
