ROOF PERMIT

Name of Applicant _____	Phone: _____
Address _____	
Job site address: _____	Contractor: _____
Type or purpose of work: _____	
Owner Signature: _____	Date: _____

1. If shingles, possibly including felt underlayment (or equivalent), are removed and replaced, but wood or other support sheeting under the shingles does not need to be replaced the following fees shall apply

(please circle type of replacement):

- A. Replacement by a licensed contractor \$20.00 Fee
- B. Homeowner (or if allowed non-contractor) roof replacement where new shingles are placed over the top of old shingles \$20.00 Fee
- C. Homeowner (or if allowed non-contractor) roof replacement where old shingles are removed-Normal building permit fee is required and is reduced by 60%. (see separate building permit fee schedule). ***This requires more involvement in the roof replacement by the building inspector, STOP and complete a 3-ply building permit application.***

2. If any wood sheeting or other support sheeting is replaced during roof replacement, but roof structure under the sheeting remains the same, **(stop and complete a 3-ply building permit)** - Normal building permit fee is reduced by 60% (see separate building permit fee schedule).

3. If roof structure is altered the normal building permit fee is required and complete a 3-ply building permit application. (see separate building permit fee schedule).
